SPREAD IT AROUND (BAR)-Jerry Foster

4/4 1...2...1234

Intro: |     |     |   |

If you woke up this morning on the right side of the bed,

That's a good feelin' spread it a-round

If you can't keep from laughin' at somethin' someone says

That's a good sayin', spread it a-round

You'll find that happiness grows if you let it

Feels good the farther it goes, so go spread it

If you found the way to make sunshine, the whole world should know

       

Tell 'em a-bout it, spread it a-round

        

Interlude:

p.2. Spread It Around

Give your hand to somebody, and help him when he's down

Tell him some good news, spread it a-round

Sing a little song with kindness, love is a happy sound

Stand up and shout it, spread it a-round

You'll find that happiness grows if you let it

Feels good the farther it goes, so go spread it

If you found the way to make sunshine, the whole world should know

Tell 'em a-bout it, spread it a-round

Tell 'em a-bout it, spread it a-round

Spread it a-round
