

Dr. Uke and Daughters

Dr. Uke and Daughters, Jim, Jacqueline, and Sylvie Rosokoff, are a family musical group who have been performing since the girls were 8 and 10 years old. They have a unique harmony blend which they apply to many genres of vocal music, from jazz to folk, with a lot of Beatles, Elvis and Yiddish thrown in. Dad now accompanies the group on ukulele, having made the switch from guitar a few years ago. Most of their ukulele arrangements, and over two thousand others, can be found at: <http://www.DoctorUke.com/songs.html>
