

LITTLE THINGS MEAN A LOT

4/4 1...2...1234

Intro:         (each gets 2 beats)

Blow her a kiss from a-cross the room, say she looks nice when she's not

Touch her hand as you pass her chair, little things mean a lot

Give her your arm as you cross the street, call her at six on the dot

Align a day when you're far a -way, little things mean a lot

Don't have to buy her diamonds and pearls, champagne, sables and such

She doesn't care much for diamonds and pearls

     

She'll laugh and say, "Honey, they just cost mon - ey"

p.2. Little Things Mean a Lot

Give her your hand when she's lost the way, give her your shoulder to cry on

Whether the day is sunny or gray, give her your heart to re-ly on

Send her the warmth of a secret smile, to show her you haven't for-got

That always and ever, for now and for-ever, little things mean a lot

Little things mean a lot
