Dm9      Dm      Dm9      Dm

Dm9      Dm      DmM7

I need some-body who's con-sistent with me

Dm7      Dm6      BbMA7

Someone al-ready there when I need company

Am7      Bbm      Am7      Abdim      Gm7      C7      A7

'Cause when I'm feelin' low      I don't want to have to go out lookin'      for a part-time kind of love

Dm9      Dm      DmM7

And when the dreams and rainbows start to disappear

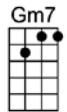

Dm7      Dm6      BbMA7

Don't want some-body up and runnin' outa here

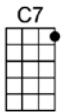

Am7      Bbm      Am7      Abdim      Gm7      C7      F

'Cause when you stop and start, Baby, it's just too hard upon my heart, that part-time kind of love

## p.2. Part Time Love

And I can't take you darlin' livin' here wait and see

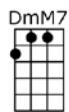

I want some-body who's com-mitted now to me

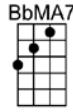

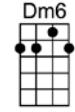

Somewhere, someday you'll have to take a chance

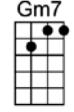

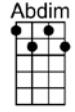

So if you like the music, baby, get up and dance

And if we grow together daring to dream

I know we'll find our share of peaches and cream

And when the juices flow I don't want no no no excuses, just want your full time love for me

Just want your full time love for me.
