THIS NIGHT WON'T LAST FOREVER(BAR)-Bill LaBounty

4/4 1...2...1234

Intro: |  |  |  |  |

Everybody likes a celebration, happy music and conversation

I'd be lying, if I said I didn't have the blues

In the corner there's a couple dancin', from the kitchen I can hear her laughin'

Oh, I wish I was celebrating too

       

I know this night won't last forever, I know the sun is gonna shine sometime

      

I need some hope for a bright tomorrow, to show this heart is gonna mend just fine

Interlude:    

   

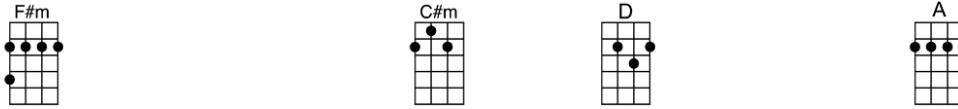

Pardon me for my disposition, I wish I didn't have to sit and listen

They're playing the same old songs on the stere-o

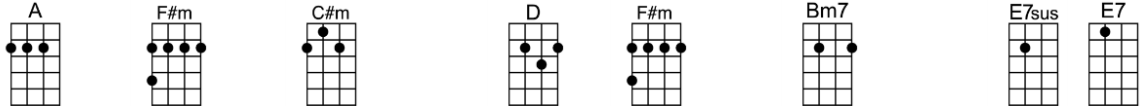

p.2. This Night Won't Last Forever

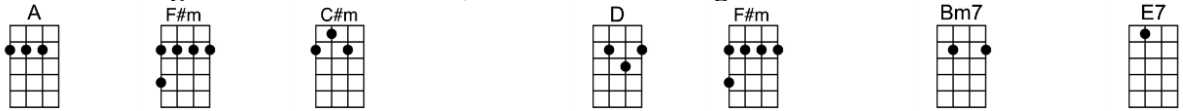

She's been lyin' since the day I met her, I'd be better off to just forget her

Oh, I would rather be lonesome, or go

I know this night won't last forever, I know the sun's got to shine sometime

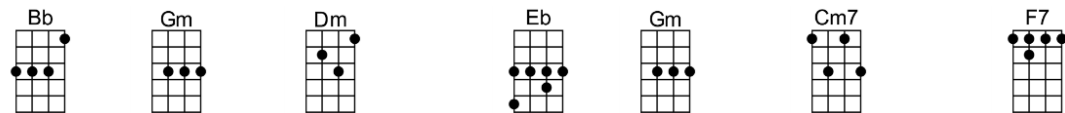

I need some hope for a bright tomorrow, to show this heart is gonna mend just fine

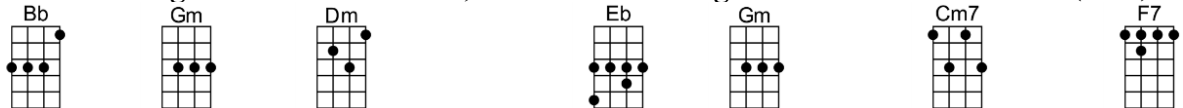

Such a ridiculous situation, pre-tendin' that nothin's wrong

She's comin' on with the invitation, I wonder who is takin' her home

I know this night won't last forever, I know the sun's got to shine sometime (fade)

I need some hope for a bright tomorrow, to know this heart is gonna mend just fine
