

SING Bb

# WHERE DOES IT GET YOU IN THE END?

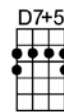

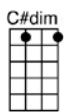

4/4 1...2...1234

**Intro:**

(2 beats each chord)

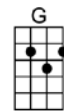

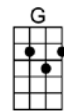

The harder I work, the faster I earn, the faster I earn, then the richer I get

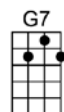

The richer I get, the faster I spend- where does it get you in the end?

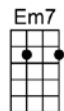

The harder I work, the more that I learn, the more that I learn, then the smarter I get

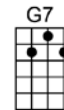

But maybe the strain will injure my brain- where does it get you in the end?

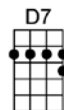

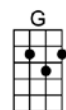

But if I work harder, get smarter, for-get a little slower, spend a little lower

Earn faster, learn faster, I'll be smart as Einstein and rich as Mr. Astor

So, baby, for you I'll work day and night, get terribly rich and amazingly bright

But, honey, unless you're gonna say yes- where will it get me in the end?
