Four and twenty years ago, I come into this life

The son of a woman and a man who lived in strife

     

He was tired of bein' poor, and he wasn't into sellin' door to door

      

And he worked like the devil to be more

**Interlude:**      

A different kind of poverty now upsets me so

Night after sleepless night, I walk the floor and I want to know

     

Why am I so alone? Where is my woman can I bring her home?

      

Have I driven her away? Is she gone?

**Interlude:**

The interlude consists of six guitar chord diagrams arranged in a row. From left to right, they are: D (open D), Dsus (open D with suspended 4th), Dadd9 (open D with added 9th), D (open D), Dsus (open D with suspended 4th), and D (open D).

Mornin', comes the sunrise, and I'm driven to my bed

The first line of the song features three guitar chord diagrams: D, Dsus, and D.

I see that it is empty and there's devils in my head

The second line of the song features three guitar chord diagrams: D, Dsus, and D.

I em-brace the many colored beast.

The third line of the song features three guitar chord diagrams: F, G, and D.

I grow weary of the torment, can there be no peace?

The fourth line of the song features three guitar chord diagrams: F, G, and D.

And I find myself just wishin' that my life would simply cease

The fifth line of the song features three guitar chord diagrams: F, G, and D.
