

HOW TO MAKE SONGSHEETS WITH LYRICS

I have already prepared songsheets with the lyrics for all the Dr. Uke Concerts. If you would like to prepare the lyrics for the programs that you create, here's how:

Below is a link that will take you to my lyrics page. It is a Word document that contains all the lyrics to the songs on my "Songs" page. The document is almost 1000 pages long. Once you click on the link, it will download to your download folder. You have to enable editing in order to make your changes. Because the document is so long, you may have to wait 20 seconds for it to load.

www.doctoruke.com/songsheets.doc

All you have to do to make a songsheet of your chosen songs, is to copy and paste the lyrics for the songs that you choose. Once you have created the songsheet, you can make copies for the residents or project them during the event.
