BOTH SIDES NOW (BAR) - Joni Mitchell

4/4 1...2...1234

Intro: | A | Asus | Asus | A | (X2)

Rows and flows of angel hair, and ice cream castles in the air

And feather canyons everywhere, I've looked at clouds that way

But now they only block the sun, they rain and snow on everyone

So many things I would have done, but clouds got in my way

I've looked at clouds from both sides now, from up and down, and still some-how

It's clouds' illusions I recall, I really don't know clouds at all

Moons and Junes and ferris wheels, the dizzy dancing way you feel

As every fairy tale comes real, I've looked at love that way

But now it's just another show, you leave 'em laughing when you go

And if you care, don't let them know, don't give yourself a-way
Both Sides Now

I've looked at love from both sides now, from give and take, and still somehow

It's love's illusions I recall, I really don't know love at all

Tears and fears and feeling proud, to say "I love you" right out loud

Dreams and schemes and circus crowds, I've looked at life that way

But now old friends are acting strange, they shake their heads, they say I've changed

Well something's lost, but something's gained in living every day

I've looked at life from both sides now, from win and lose and still somehow

It's life's illusions I recall, I really don't know life at all

It's life's illusions I recall, I really don't know life at all
