

# BUT SHE LOVES ME<sub>(BAR)</sub>-Jerry Fuller

4/4 1234 (slow count)

**Intro:** |  |  |  |  |  |

She'd like to travel to parts un-known, and see the wonders before they're gone

She always wanted to write a book, she hates to cook, but she loves me

I tell her one day we'll have the time, to conquer Everest, and cross the Rhine

We'll shoot the rapids, and tame the wild.

She simply smiles and says she loves me.

**Interlude:**     

**p.2. But She Loves Me**

**I wanted children, she bore the pain, she dearly loved them, but felt the change**

**Now that they're grown up and on their own,**

**She could have gone, but she loves me, she loves me.**

**I tell her one day we'll have the time to conquer Everest, and cross the Rhine**

**We'll shoot the rapids, and tame the wild,**

**She simply smiles and says she loves me, she loves me**
