DARK EYES

3/4 123 123

Intro: |  | |  | |  | |  | | (6 beats each)

 
Gypsy love of mine, is there ne'er a sign,

 
On your path to show the way that I must go?

 
Gone are joys I knew, they all went with you,

 
What is left to me is just a memory.

 
Eyes that haunt me so, eyes that taunt me so,

 
While they smiled at me, life was ecstasy!

 
Was our whirling dance just a gay romance?

 
Or for me, perchance, just a broken dream?

p.2. Dark Eyes

Eyes of destiny, while you beckon me,

I must follow still, over plain and hill.

Love, where'er I be, I shall always see

Stars of hope for me, your dark eyes!

Love, where'er I be, I shall always see

Stars of hope for me, your dark eyes!
