Intro: C (4 measures)

C   G7
I don't want to be the kind to hesitate, be too shy, wait too late

                                                                                                 C
I don't care what they say other lovers do, I just want to dance with you.
    C   G7
I gotta feeling that you have a heart like mine, let it show, let it shine.

                                                                                                             C   C7
If we have a chance to make one heart of two, then I just want to dance with you.
    Refrain:
                  F   C
    I want to dance with you, twirl you all a-round the floor
                     G7   C   C7
    That's what they invented dancin' for, I just want to dance with you.
                  F   C
    I want to dance with you, hold you in my arms once more
                     G7   C
    That's what they invented dancin' for, I just want to dance with you.
    C   G7
I caught you lookin' at me when I looked at you, yes I did, ain't that true?

                                                                                                     C
You won't get embarrassed by the things I do, I just want to dance with you.
     C   G7
Oh, the boys are playin' softly and the girls are too, so am I, and so are you.

                                                                                               C   C7
If this was a movie, we'd be right on cue, I just want to dance with you.
