# I SHALL BE RELEASED (BAR)-Bob Dylan

4/4 1...2...1234

**Intro:**

They say every thing can be re-placed, they say every distance is not near

So I'll remember every face of every man who put me here.

**Chorus:**

I see my light come shining from the west side to the east

Any day now, any day now, I shall be re-leased

They say every man needs pro-tect-ion, they say every man must fall

Yes, I swear I see my re-flection somewhere so high above this wall.

(Chorus)

Yonder stands a man in this lonely crowd, a man who swears he's not to blame

Every day I hear his voice shouting so loud, crying out that he was framed.

I see my light come shining from the west side to the east

Any day now, any day now, I shall be re-leased..... I shall be re-leased
