**Intro:** |  |  |  |  |

Oh, let me go, let me go, let me go, lover. Let me be, set me free from your spell

You made me weak, cut me deep, I can't sleep, lover

I was cursed from the first day I fell

You don't want me, but you want me to go on wanting you

How I pray that you will say that we're through

Please turn me loose, what's the use, let me go, lover, let me go, let me go, let me go

   

You made me weak, cut me deep, I can't sleep, lover

   

I was cursed from the first day I fell

p.2. Let Me Go, Lover

You don't want me, but you want me to go on wanting you

How I pray that you will say that we're through

Please turn me loose, what's the use, let me go, lover, let me go, let me go, let me go

Outro: Let me go, let me go
