MAKING MEMORIES (BAR)-Eddie Snyder/Larry Kusik

4/4 1...2...1234

Intro: |  |  |  |

We're making memories, each time we kiss

Making wonderful memories, when we are holding each other like this

Green grass for a pillow, a black velvet sky a-bove

Tender magic moments in a wonder-land of love

The years may come and go, but we'll re-call

Sharing love in our hideaway, and how this night was the start of it all

Darling, I'll re-member my whole life through, making memories with you

p.2. Making Memories

Green grass for a pillow, a black velvet sky above

Tender magic moments in a wonder-land of love

And the years may come and go, but we'll re-call

Sharing love in our hideaway, and how this night was the start of it all

Darling, I'll re-member my whole life through making memories with you
