Intro:  |   |   | (X4)

My Maria,  don’t you know I’ve come a long, long way

I been longin’ to see her, when she’s a-round she takes my blues a-way

Sweet Maria,  the sunlight surely hurts my eyes

I’m a lonely dreamer, on a highway in the skies

Maria,  (Oh, Ma-ria, I love you girl,  oh,  my  Ma-ria)

Maria,  I love you  (Oh, Ma-ria, I love you, girl, Ma-ria)

My Maria,  there were some blue and sorrow times

Just my thoughts a-bout you bring back  my piece of mind
