SHE'S NOT YOU (BAR)-Jerry Leiber/Mike Stoller

4/4 1234 1

Her hair is soft, and her eyes are, oh so blue

She's all the things a girl should be, but she's not you.

She knows just how to make me laugh when I feel blue

She's every-thing a man could want, but she's not you.

And when we're dancing, it almost feels the same

I've got to stop myself from whispering your name

She even kisses me like you used to do

And it's just breaking my heart 'cause she's not you.

Interlude:

And it's just breaking my heart 'cause she's not you.

p.2. She's Not You

And when we're dancing, it almost feels the same

I've got to stop myself from whispering your name

She even kisses me like you used to do

And it's just breaking my heart 'cause she's not you.

And it's just breaking my heart 'cause she's not you.
