And now the purple dusk of twilight time steals across the meadows of my heart

High up in the sky the little stars climb, always reminding me that we're apart

You wandered down the lane and far away, leaving me a song that will not die

Love is now the Star Dust of yesterday, the music of the years gone by.

Sometimes I wonder why I spend the lonely night dreaming of a song

The melody haunts my reverie, and I am once again with you

When our love was new, and each kiss an inspiration

But that was long ago, now my consolation is in the stardust of a song
p.2  Stardust

Be - side a garden wall when stars are bright you are in my arms

The nightingale tells his fairy tale          of paradise where roses grew

Though I dream in vain,       in my heart it will re-main

My  stardust melo-dy,           the memo-ry of love's re-frain
