STORMY - Classics IV

4/4 1...2...1234

Intro: (4 beats each)

You were the sunshine, baby, whenever you smiled, but I call you Stormy to-day

All of a sudden that old rain’s comin’ down, and my world is cloudy and gray

You went away

Stor - my, oh, Stor - my, bring back that sun - ny day.

Yesterday’s love was like a warm, summer breeze

But, like the weather, it changed

Now things are dreary, baby, and it’s windy and cold

And I stand a-lone in the rain....calling your name

Stor - my, oh, Stor - my, bring back that sun - ny day.

Instrumental (2nd and 3rd lines of 1st verse)

Stor - my, oh, Stor - my, bring back that sun - ny day. (repeat last line, end on Dm9)
