

SING A

0 UPSIDE DOWN WORLD - Jeff Moss

3/4 123 123

Intro:  (4 measures)

Come fly with me in an upside down world, there's so many strange things to see

There's upside down people who walk down the street,

With upside-down shoes on their upside down feet

In an upside-down world, in an upside-down world

It's fun to be in an upside-down world, there's fish that fall out of the sea

There's upside down clocks that make everyone late

Upside down food that won't stay on your plate

In an upside-down world, in an upside-down world

p.2. Upside Down World

There's upside-down everything all over town, it all looks so funny that I've got to frown

'Cause a frown is a smile when you turn upside down

In an upside-down (what-side down?) whoops-side-down, upside-down world

Instrumental verse

There's upside-down everything all over town, it all looks so funny that I've got to frown

'Cause a frown is a smile when you turn upside down

In an upside-down (what-side down?) whoops-side-down, upside-down world

In an upside-down (what-side down?) whoops-side-down, upside-down world

UPSIDE DOWN WORLD-Jeff Moss
