4/4 1...2...1234

Intro: | | | | | | | | | | | | |

Oh, do I hear you sayin' you got hurt? Did you say that she's a flimflam flirt?

Are you sayin' that some double-dealin' doll went and did you dirt? Well, bub...

Welcome, welcome, welcome to the club!

Now you know the feelin' when you're stung. Now you know why "torchy" songs are sung

So you stumbled down the ladder of love to the bottom rung. Well, bub...

Welcome, welcome, welcome to the club!

Hear, hear, hear, don't look so gloomy, lookee here, here, here, it's happened to me

So have no fear, love went and threw me, but we all snap back, Mack

p.2. Welcome To the Club

Ten to one, you'll give up wonderin' why, why she gave you up for that new guy

But un-til you find the kiss that makes you kiss all your blues good-bye, well, bub...

Welcome, welcome, welcome to the club!

Instrumental:

But un-til you find the kiss that makes you kiss all your blues good-bye, well, bub...

Wel, wel, wel, wel, welcome, wel, wel, wel, wel, welcome

Wel, wel, wel, wel, welcome to the club!
