# YOUR HEART WILL LEAD YOU HOME<sub>(BAR)</sub>-Kenny Loggins

4/4 1...2...1234

**Intro:** |   |   |

Sunny days and starry nights and lazy after-noons

You're countin' castles in the clouds and hummin' little tunes

   

But somehow, right be-fore your eyes the summer fades a-way

   

Everything is different and everything has changed

## REFRAIN:

If you feel lost and on your own and far from home, You're never a-lone, you know

Just think of your friends, the ones who care, They all will be waiting there with love to share

And your heart will lead you home.

   

Funny how a photograph can take you back in time

To places and em-braces that you thought you'd left be-hind

**p.2. Your Heart Will Lead You Home**

**They're trying to re-mind you that you're not the only one**

**That no one is an island when all is said and done. (REFRAIN)**

**There'll come a day when you're losing your way**

**And you won't know where you be-long**

**They say that "Home is where the heart is"**

**So follow your heart and know that you can't go wrong (REFRAIN)**

**If you feel lost and on your own and far from home, You're never a-lone, you kno**

**Just think of your friends, the ones who care, They all will be waiting there with love to share**

**And your heart will lead you home.**

**And your heart will lead you home.**

**And your heart will lead you home.**
