

SING C#

YOU STEPPED OUT OF A DREAM_(BAR)

4/4 1...2...1234 -Nacio Herb Brown/Gus Kahn

Intro:     (8 beats each)

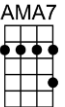

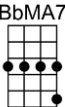

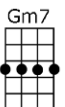

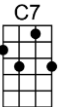

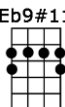

You stepped out of a dream, you are too wonderful to be what you seem

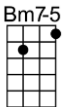

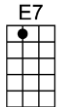

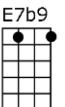

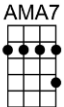

Could there be eyes like yours? Could there be lips like yours?

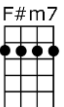

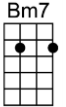

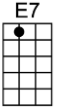

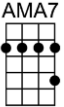

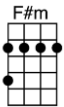

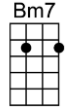

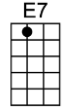

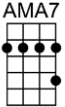

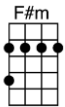

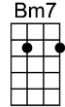

Could there be smiles like yours, honest and truly?

You stepped out of a cloud, I want to take you away, away from the crowd

    

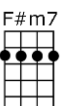

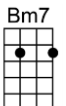

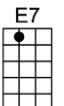

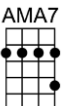

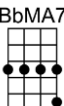

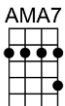

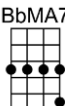

And have you all to my-self, a-lone and apart,

1. Out of a dream, safe in my heart

Repeat song, with instrumental solo

2. Out of a dream, safe in my heart safe in my heart safe in my heart
